WILL DIXON PROVE THE BETTER FIGHTER?

Boston's Colored Champion a Strong Favorite Over McCarthy for To-Night's Great Encounter.

BOTH ARE IN FINE TRIM.

Long Island City's Police Will Not Interfere Unless the Match Degenerates to a Simple Slugging Contest.

ONEST "Cal" McCarthy and George Dixon, the crack feather weight fighters, will be permitted to engage in a boxing match at the Puritan Athletic Club, in Long Island City, this evening, and all rumors and reports to the contrary notwithstanding there will be no police in terference, so long as the

affair is conducted within proper bounds. The officers of the law of Long Island City and of Queens county have been assured that this meeting of the two well known fighters will in no sense be a prize fight, being simply a contest for scientific points, just such as has been permitted by the police in New York, in Brooklyn, Boston, New rleans, San Francisco and all the other prominent cities in the country. In fact, Sheriff Matthew Goldner, of Queens county, told me yesterday that he did not see how he could be warranted in interfering with the contest, so long as it was conducted in such a manner as not to violate the law any more than do the ordinary set-tos between amateur boxers which are of common occurrence. "Still," said Sheriff Goldner, "if I receive war-

rants from District Attorney Fleming for the arrest of any parties connected with this match I shall

rants from District attorney Fieming for the arrest of any parties connected with this match I shall certainly serve them. I propose to do my duty, but not to exceed it. I don't think I shall receive any warrants."

Up to late last evening District Attorney Fieming had taken no further action in the matter than to warn the Sheriff that he had received information that Dixon and McCarthy would engage in a prize fight, and asking him to prevent it.

In other words, the officials of Queens county do not propose that a genuine slugging mill shall take place within their midst, while at the same time they fully appreciate he fact that any interference on their part with a simply scientific boxing match would be wholly unwarranted.

WHAT THE LOCAL AUTHORITIES WILL DO.

So with the local authorities of Long Island City. A strong force of police will be present at the match prepared to put an end to it the moment it passes beyond the bounds of a sparring contest. Patrick J. Glesson, who as Mayor of the city is virtually the head of the police force, said to me last evening:—"As I understand this matter the only people that have been deluded into a belief that this encounter will be a prize fight, are a few political soreheads, who are opposed to my administration. We have an efficient police force in Long Island City, fully competent to prevent any vioration of the law. I shall attend this match myself, and if any violation of the law is attempted the whole affair will be stopped at once."

the law is attempted the whole affair will be stopped at once."
Richard Roche, one of the managing directors of the Puritan Athletic Club, visited Long Island City yesterday atternoon and called upon both Mayor Gleason and Sheriff Goldner. He told me afterward that he had been assured by both these officials that as a boxing match the Dixon-McCarthy encounter would not be interfered with.
"That's ail we want," added Mr. Roche. "We know well enough that the law will not permit us to hold prize fights, and it was with this knowledge in full view that we spent thous inds of dollars in erecting the building now occupied by our cinb. sparring matches are not prohibited by the law, and so long as the officials will distinguish between rights with bare knuckles or skin tight gloves and scientific encounters with padded mittens we shall be satisfied."

be satisfied."

THE TICKETS COUNTEMPRITED,

THE TICKETS COUNTEMPRITED,

Late last evening the managers of the Puritan Athletic Club learned that the pertiticates of membership, which entitle bearers to admission to the club house and the fight, had been counterfeited. The work of counterfeiting has been very clumsily done and can very easily be detected. In order to make sure of obtaining the proper pasteboards people not now holding tickets would do well to wait and purchase them at the box office at the club house.

DIXON LEAVES THE HUB IN FINE TRIM. BY TELEGRAPH TO THE HERALD.

Boston, Mass., Feb. 4, 1891.—The five o'clock train arried to New York George Dixon, the colored antam, and a score of his faithful backers. Among them were Captain Cooke, of the Police News; Patay Shappard, Larry Killian, Florrie Sullivan, Jimmy Deberty and the men who are to second Dixon—Howie Hodgkins and Tom O'Rourke. All the party, including Dixon himself, were in the highest spirits. Hodgkins expressed the belief that Dixon will win in a canter. Sullivan also talked Dixon will win in a canter. Sullivan also talked Dixon will win thought McCarthy a sure winner, while Captain Cooke's idea was that a draw is likely to be the result of the fight.

The betting is heavy on Dixon. Odds were at \$100 to \$70 yesterday and to-day a little greater, though no large sums were wagered so far. There are those who believe in McCarthy, but they seem to have no money. Dixon continued his training up to the hour of departure. He is in the very pink of condition, thanks to Tom O'Rourke's training. D'Rourke and Hodgkins were, it will be remembered, the men who handled him in his fight with Murphy and they talk very large. hem were Captain Cooke, of the Police News; Patsy

THE COLORED BOY BEACHES NEW YORK. Dixon reached this city at eleven o'clock last night, accompanied only by "Tom" O'Rourke, his trainer, and "Mike" Slattery of Providence, R. I., who will attend him at the ring side. He will spend to-day very quietly at the residence of a friend on Eighth avenue, whonce he will go straight to Long Island City this evening.

M CARTHY IS READY.

"Cal" McCarthy is down to weight and with a few ounces to spare to provide for accumulating flesh before this afternoon, when he will weigh in. He went to his parents' home on Thirteenth street, went to his parents home on Tairteenth street, Jersey City, immediately after leaving the gymnasium of the Scottish-American Athietic Club, He could not be seen by any one thereafter, as orders were given that he should not be disturbed. He will be at Long Island City at four o'clock this afternoon, the hour fixed for weighing in. His Jersey friends are sanguine and predict that the betting will be even when the fight begins, and that long odds will be offered on the Jersey boy before the fight has progressed far.

MAY HAVE BEEN HIS DEATH BLOW. [BY TELEGRAPH TO THE HEBALD.]

Cannondale, Pa., Feb. 4, 1891 .- A brutal prize fight took place at a late hour last night at Archbald, six miles below this city, between "Jerry" Slattery, of Butte City, Mont., and John McRey

Slattery, of Butte City, Mont, and John McReynolds, of Forest City. The latter was knocked eenselosa in the third round, and it is thought, was soriously injured. McReynolds was to get \$200 if he stood up for five rounds. About thirty persons witnessed the match. The affair was arranged by Carbondale and Scranton sports, and was kept a profound secret from the public.

While the fight was in progress Officer Walsh, of Archbaid, forced his way into the ring and announced his intention of arresting the participants if they struck another blow. He was held by the crowd and the fight proceeded until Slattery planted a terrific blow on McReynolds' jugular vein, felling him to the ground in a senseless heap. A surgeon was sont for. The officer arrested Slattery and the crowd scattered pell mell in all directions. It was found that Mr. Reynolds was seriously hurt and at last reports he was in a critical condition. Slattery has been held to await the result of the injuries and other arrests may follow.

MTIERNAN DEFEATS PIERCE. A GOOD SPECIAL "GO" AT THE VARUNA BOAT

CLUB'S BOXING ENTERTAINMENT. The third and last of the subscription boxing tournaments held under the auspices of the Varuna Boat Club took place last evening at the SWIMMER JOHNSON'S NEW RECORD. club house, corner of Atlantic and Clinton streets, Brooklyn. Four bouts were fought. The officials were: - Referee - B. C. Williams, Judges - W. H. Roberts, Kings County Wheelmen, and M. J. Tobin, Eagle A.C. Master of Ceremonies - Frod W. Burns, Varuna Boat Club.

lard A.C., were the next pair to face each other. Although they were supposed to weigh in at 120 pounds, Spance was at least lifteen pounds the heavier, and in addition had the advantage in reach. The bout was uninteresting aside from the fact that Olay made a plucky stand, although overmatched. To the surprise of severybody the judges disagreed, and the referee promptly gave Spance the decision.

Joseph Ryan, who hairs from the Bridge A.C., and James Carey, Washington A.C., two 120 pound men, were the next to don the glovae. Ryan is probably a better pedestrian than a boxer. Carey had to follow him all over the ring and deleated him with ease.

Then came the event of the evening, a special four round go between John McTiernan, Dewntown A.C., and Edward Pierce, Neuparlel A.C. MeTiernan weighed 126 pounds, wille Pierce typed the beam at 128 pounds. This bout was for blood, for the men dielike each other, and have often expressed a desire to meet. Pierce began healtlifies by jaboing McTiernan in the stomach a few times and followed by landing heavily on the Downsown man's law. The latter seemed to be wary of his opponent. In the anxitue rounds Pierce had much the best of it, although his fighting at times appeared a little four. He climbed repeatedly. In the final round McTiernan did some good work with his left, Pierce repeating his clinching tacties. This lest him the decision, for the judges disagreed and the reforce gave the contest to McTiernan.

ANOTHER CHANCE FOR FITZSIMMONS.

BY TILEGRAPH TO THE HERALD. CHICAGO, Ill., Feb. 4, 1891.—Barney Allen, one of the leading bookkmakers in Australia, now here, says he will back Jim Hall, middle weight cham-pion of Australia, against Bob Fitzimmons for \$5,000 or \$10,000. He says Fitzimmons has never beaten Hall.

GIANTS' SALARIES CUT DOWN.

BROTHERHOOD PLAYERS GET THE WORST OF THE REDUCTION IN PAY.

UTS in the salaries of the big ball players throughout the country have become necessary, owing to the financial embarrassment of those clubs directly implicated in the late baseball war. In orthrough the coming season without incurring fresh indebtedness and to a pay off the many obligations hanging over their heads the magnates in nearly every League and

Association city are at present engaged in cutting down their current expenses, and incidentally their salary lists.

Right here in New York the capitalists behind the Giants, having suffered severe losses in the past, have arrived at such a point that they must necessarily get their star players to work for less money. To do this the New York club officials have fixed a salary limit of \$3,000 for those mea not already signed under personal contracts to John B. Day Welch, Glasscock, Denny and Tiernan hold their three years' personal contracts with Mr. Day, as

three years' personal contracts with Mr. Day, as well as Murphy and Hornung, but the two latter will be bought off.

BEOTHERHOOD MEN TO BE CUT DOWN.

Under this righms Keefe, Crane, Connor and O'Rourke will suffer heavy cuts. Rusic has not signed yet, as he wants \$5,000 for this season. He got \$4,000 last year and will be asked to sign for \$3,000. Whether these men will consent to this is a matter of doubt.

According to the following table it will be seen that this year's salary list is somewhat in excess of the one in 1889, when the Players' League had not sprung into existence. In these tables Buckley, Murphy, Hornung and Whistler are left out, as it is now conceded on good authority that Buckley will not be retained, while the latter three will be released to the club that is willing to give the most for their services.

The 1891 salary list is printed here for the first time. There may be a few trivial changes later on, but it is approximately correct. Here are the figures:—

but it is approxima figures:-	tely correct.	Here	are th
1889,	OF 1889 AND 1	1891,	ar ex

Total	Many management		\$48,00

NOTES OF THE DIAMOND.

Mike Slattery called upon Mr. Talcott yesterday, but did not sign a contract. Fat Murphy and Jos Hornung would make goodsmen for some Association team. White and Rowe are under reserve to the Pittsburg club. O'Neill may have to pisy "the farmers" before the season's half over.

John B. Day has gone on a business trip, 'tis said, through Connecticut. Reger Cenner and Jim O'Rourke may get in his way.

PINS TUMBLING DOWN.

BANK CLESES SHOW GOOD FORM ON THE TRE-MONT ALLEYS.

ANK clerks crowded the Tremont Hotel alleys yesterday afternoon to wit. ness the games between the Ninth National and Mount Morris banks, In In the first game the Mount Morris boys won an easy victory, scoring nents' 682. The Ninth 786 pins to their oppo-National men were slightly

handicapped by the loss of two of the regular team. The second game evened matters up, as the Ninth National men rolled in splendid form and rolled one of the best games seen on the alleys this winter, Hopkins, of the Ninth, making the fine total of 215. The score follows:—

William C. Johnson, the champion amateur 100 yard swimmer of America, broke the world's record for 100 feet in the Manhattan Athletic Club Lagie A.C. Master of Ceremonics—Frod W. Burns, Varuna Boat Club.

The Erst best was between Charles Kelly, Downtown A.C. and Martin Joyce. Varuna B.C. two clever bankings. Jeyce, who bested fully ten pounds heavier than Kelly, forced the fighting in the first round but in the second and third appeared to be winded from his province accretions, kelly designed to the leading. In the last round Joyce ralled considerably, but it was teo late and the redges agreed on Kelly as the winner.

William C Day, G-cenvich S.C., and J Spence, Lord.

WILL REVOLUTIONIZE

AMATEUR ATHLETICS.

No More Costly Prizes To Be Offered at Club Games and Championship Meetings.

PAY YOUR OWN EXPENSES.

Stringent Rules From d by the Committees of the Amateur Athletic Union and League of American Wheelmen.

HE long expected report agreed upon at the con-ference meeting of the committees appointed by the Amateur Athletic Union and League of American Wheelmen was made public yesterday, and if it is approved by both organizations there will be no more \$100 trophies as prizes at ath-

letic and bleycle meetings, and all athletes who wish to compete in club games out of town will have to pay their own expenses. That section of the report regarding the limit on the value of prizes has already been adopted by the A.A.U., while the other section relating to the expenses of athletes will be acted upon at the next meeting of the Board of Managers of that body. A copy of the report has been sent to each representative on the Board.

It is quite probable that the union will try to amend the report so as to allow clubs to pay the expenses of athletes to meetings over a hundred miles from New York, but will agree with all the other provisions.

MR. MATHEWSON'S LETTER. The following letter, written by Mr. C. F. Mathewson, chairman of the Amateur Athletic Union Committee, and mailed to Mr. James R. Dunn, president of the League of American Wheelmen, gives the keynote to the entire situation and shows that in the event of the report being accepted by the I.A.W. all the crack cyclists recently suspended will be reinstated to full standing in the amateur ranks:-

will be reinstated to full standing in the amateur ranks:

I send you herewith for your approval and eignature the report which I have prepared upon the subject of amateur exteness and prives.

Referring to the suspensious of certain bicyclists by the League of Amorican Wheelmen, which subject was discussed at the first meeting of the committees, I think I may indusing the hope that with the rules which we have now formulated there can be no misunderstanding as to what expenses an athlete may and may not receive, and consequently no friction upon that score between the bods of which we are representative. At the outset of the first conference of our committee I stated, in behalf of my organization, that the expense resolution, drawn about a year age by the joint committee of the Amsteur Athletic Union and League of Amarican Wheelmen, although familiar to some of the A.A.U. recommended the standard of the minutes of the Board of Manaceus of the A.A.U. recommended to the standard of the standa

Clubs of the Amsteur Athletic Union and League of American Wheelmen and of organizations approved by them, and no other clubs, may pay, and any actual competitor mumber of such clubs may pay, and any actual competitor mumber of such clubs may receive, the following a proposal incurred to give the competition and return to residence or club headquarters.

Second-Actual fare (when paid) for one sleeping car berth when occupied for each night's travelling in coing the competition for a period embracing not more than one day before the date lixed for and one day after the termination of the events in which such competitor chall have competition for a period embracing not more than one day before the date lixed for and one day after the termination of the events in which such competitor chall have competed, provided expressly that the amount to a competition of the events in the competitor chall have competed, provided expressly that the amount celepted by the party to whom such smount has been paid.

NO NORE MACE MIDE.

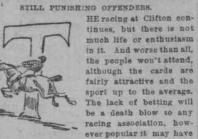

The above sections are insteaded to forbid all payment to and receipted of money or other consideration or any children of the competition of apparatus, including cycles, entry feas and all expenses of training and training tables; to exclude the giving by any club or receipt by any athlete directly or indirectly of any meals, board, loudging or car free except as allowed above, without the or the receipt of any expense whatever in case of club games or contests common closed. But this shall not prevent clubs from paying directly for actual transportation of any expense whatever in case of club games or contests. Undergraduate students training for or competing, at contests limited to collectans may receive from their college associations such expenses as a constonary with them and are sanctioned by the latter of the training that the pay of the foregoing to roth that a contest in a paying allowed to the provision as a to price and development of the such association of the payment with the contest

FEATHERS AND FINE BIRDS.

The annual exhibition of the New York Poultry and Pigeon Association opens to-day in Madison Square Garden, and for five days the public will

represented. There will be concerts in the amphitheatre every afternoon and evening while the COULD'S ACTS ALARM exhibition lasts.

RACING SLOW WITHOUT BETTING. CLIFTON POORLY AT ENDED, BUT THE JUDGES

in it. And worse than all the people won't attend, although the cards are fairly attractive and the sport up to the average. The lack of betting will be a death blow to any racing association, however popular it may have

been in the days of its prosperity. The manage ment of Clifton are in the hardest kind of luck, and those who know them best sympathize with them fully, although sympathy will not bring back to them the profitable times of the past. President Engeman stopped all hand betting yesterday, which has been going on at the track in a limited way since public betting ceased, and so the small crowd present had little else to do than look at the competing horses and try to keep warm, which was somewhat difficult to do, as it was bitterly During the afternoon the case of the mare Ruby,

disqualified on Monday for a bold attempt at fraud by those owning her, was taken up by the Executive Committee, and after a thorough investigation the following resolution was passed:-

That the Whitehall Stable, the bay mare Ruby, five years old, by Cape Race, out of Roxella il., and the Jockey Virnes be and are hereby ruled off; that according to the secretary's books the Whitehall Stable consists of J. W., H. W. and C. A. Richeresk, and that they are therefore ruled off the course; that the superintendent of the course be instructed to notify the parties referred to to vacate the grounds of this association and to remove their bureas at once.

Middlestone won the first race, of one mile and a quarter; Frank L. took the second, of five furlongs: Zed the third, of three-quarters of a mile; Warpeake the fourth, of seven furlougs; Freedom the fifth, of six and a half furlongs, and Kainesville the sixth of the same distance. Details follow:l'assate County Agricultural Society, Clipton, N. J.— Winter mealing, thirty-first day, Wednesday, February 4, 1891; weather clear and cold; track fair. BRINGING DOWN LIVE PIGEONS.

The cold northwesterly wind that blew across the ground at Woodlawn Park, Long Island, yesterday when the Fountain Gun Ciub was out for its usual monthly shoot, helped a lot of good birds to get away from the crack shooters of the club. Only one, and that one a new member, made a clean score of seven straight and won the club badge-R. Phister. He shot in excellent form, but was excelled by Dr. Schwartz, who, although he only killed six from the 30 yard mark, yet in a subsequent

six from the 30 yard mark, yet in a subsequent sweepstake at 25 yards he killed seven more straight, beating such crack shots as Dr. Sheils and C. Williams. The score follows:—

B. Fhister, 28 yards, 7; Dr. Sheils, 30 yards, 6; A. Purdy, 30 yards, 6; C. Williams, 30 yards, 6; D. Schmarty, 30 yards, 6; C. Williams, 30 yards, 6; D. Yan Urd, 25 yards, 6; G. State, 25 yards, 5; D. Yan Urd, 25 yards, 6; G. State, 27 yards, 6; D. Yan Urd, 25 yards, 6; G. State, 27 yards, 6; D. Yan Urd, 25 yards, 6; G. State, 27 yards, 6; D. W. Bertsteiner, 28 yards, 4; W. Levens, 28 yards, 5; W. Bortsteiner, 26 yards, 4; W. Levens, 28 yards, 5; W. Bortsteiner, 26 yards, 4; W. Levens, 28 yards, 5; W. Bortsteiner, 26 yards, 3; and H. W. Bistimscher, 29 yards, 5; Bartsteiner, 26 yards, 5; Levens, 28 yards, 5; State, 28 yards, 5; Sate, 27 yards, 6; Lichtenburger, 28 yards, 6; Lindbreck, 28 yards, 5; Islate, 28 yards, 5; Messenshantt, 20 yards, 8; Elble, 28 yards, 5; Messenshantt, 20 yards, 8; Roferce—L. Miller.

HAD TO TAKE TO THE LADDER

The elevator on the Park row side of the Post Office got stuck yesterday between the second and

have an opportunity of seeing the greatest collection of the fashionables of the feathered tribe ever gotten together in this country. The management have spared no expense in preparing this fine array of fancy poultry and pigeons, and have secured retries from many foreign countries. Many birds have been sent from England, and Canada is well in mortal dread or the ladder's collapse.

THE PENNSYLVANIA.

It Thinks It Sees a Gigantic Combine with the Baltimore and Ohio as an Eastern Connection.

BIG BRIBE FOR THE CANADIAN PACIFIC

from the Transcontinental Roads and Trauble May Result. Some officials of the Pennsylvania Railroad are in a condition of great agitation about Jay Gould's trip over the Richmond Terminal, Louisville and Nashville and Missouri Pacific systems. As one of

sylvania from participation in a large and profitable business and deprive it of its most valuable Southern connections. "It's all very well," this gentleman said, "for the representatives of these interests to flock together down South and arrange traffic alliances that leave the Pennsylvania out in the cold, but I tell you our

them has expressed it, they suspect an arrange-

ment between the roads named and the Baltimore

and Ohio line, which will "freeze out" the Penn-

road isn't going to stand it." The arrangements which Messrs. Gould, Inman Norton, Brice and their associates are making at the present time are calculated to disturb other

Norton, Brice and their associates are making at the present time are calculated to disturb other Northern roads besides the Pennsylvania. It seems likely that thousands of tons of Missouri Pacific and Louisville and Nashville freight which have heretofore come to the Eastern seaboard by way of the Northern trunk lines will hereafter find their way to the Atlantic coast on the roads of the kichmend Teroinal.

"THE WIZARD'S FLAN.

It appears perfectly natural that the "Little Wizard" should wish to do his business with the lines in which he is financially interested in preference to making deals with companies like the Pennsylvania, with which he is in no way identified. The tendency of affairs in the South has set in this direction for more than a year, but the present negotiations seem to have struck the Pennsylvania people with unusual force. A year ago the Richmond Termusal and the Louisville and Nashville began arranging a consolidation, but the financial crisis broke the thing up abruptly.

MR. NORTON'S PRESENCE HOSHIGANT.

The participation of President Norton, of the Louisville road, in the present meeting has probably caused much of the consternation in the Pennsylvania offices. A severe blow was struck against the last named road when the Vanderbjits got hold of the "Big Four." If the interests now in consultation made a huge traffic deal and took in the Baltimore and Ohio as a trunk line ally the Pennsylvania would be a severe loser. The Baltimore and Ohio as a trunk line ally the Pennsylvania would be a severe loser. The Baltimore and Ohio as a trunk line ally the Pennsylvania and western makes it more formidable than ever before.

HALF A MILLION A YEAR "SUBSIDY" PAID THE

HALF A MILLION A YEAR "SUBSIDY" PAID THE CANADIAN PACIFIC BY ITS COMPETITORS.

The startling fact that the Canadian Pacific Railway is exacting a "subsidy" of \$500,000 a year from the American transcontinental railroads in consideration of its keeping out of the California business will probably be brought to the front at Washington shortly in debates on proposed legislation hostile to Dominion railroads.

The Western Traffic Association will consider the The Western Iraino Association will consider the matter too. The "subsidy" was agreed upon just before that organization was formed. It is very much on the same principle as the payments, popularly recognized as blackmail, which the Pacific Mail Steamship line squeezes out of the same railroads in consideration of its not outling rates to Pacific points. These payments aggregate about \$700,000 a year, so it will be seen that the transcontinents! lines pay altogether \$1,200,000 annually in bribes and douceurs to their competitors.

exaction of the Pacific Mail Company. He put his figure about one-third lower and agreed to keep out of the California trade altogether for the good round sum of half a million a year.

At the present time the Canadian Pacific has received over \$125,000 from the transcontinental lines. As a business procedure the investment has paid the latter well. Besides refraining from billing freight to or from California Mr. Van Horne has agreed not to start his projected line of steamers from British Columbia to San Francisco, and has withdrawn his agency from the latter point.

ALTON AND MOBILS AND OHIO CONSOLIDATE. [BY TELEGRAPH TO THE HERALD.]

CHICAGO, Feb. 4, 1891 .- The Alton and the Mobile and Ohio have practically consolidated. There is no exchange of stock or ownership, but the agreement is exactly similar to that between the Union Pacific and the Northwestern. This accounts for the collapse of the deal by which President Mackey proposed making a trunk line to Chicago consisting of the "Big Four" system, the Mobile and Chic and about a hundred miles of new tracks.

PROCEEDINGS IN THE TROLLEY SYSTEM CASE DEF REED FOR THE PRESENT.

The State Railroad Commission yesterday heard arguments in favor of the application of the Harlem Bridge, Morrisania and Harlem Railroad Company to change their motive power from horses to the Trolley system of overhead electric wires. The full commission was present-William E

The full commission was present—William E. Rogers, Chairman; Isaac V. Baker, Jr., and Michael Rickard.

Ex-Governor John S. Wise and Lawyer Hutchins appeared as counsel for the railroad, ex-Judge Lrnest Hail represented the citizens and property owners favorable to the granting of the application and Lawyer Arthur C. Butts represented the protesting property owners.

Lawyer Butts protested against the hearing on the ground that the matter is now under consideration by the courts.

Chairman Rogers replied that the commission had decided to hear the case on its merits, irrespective of what future action might be taken by the courts.

spective of what fature action might be taken by the courts.

Lawyer Butts then began an argument in opposition to the application. This application, he said, was against the laws and policy of the State of New York, so far as the city of New York is concerned. He challenged the other side to show where there was any legal authority enabling either the Board of Electrical Centrol or the State Railroad Commission to permit the erection of everhead electric wires for the supply of motive power to a surface railroad in the city of New York.

The annexed district was not a "Pumptown" or a "Squashville." It had long been regarded and treated as such, but the people there had risen in their might and asserted themselves. He would invite the commission to inspect the locality. He then went on to describe the dangers to life and property that would follow "the infliction of this electric system" upon the annoxed district.

Charman logger here said that, in view of the injunction suit now pending in the court, the Beard thought it better to adjourn until the injunction proceedings were settled. Then representatives of the abutting property owners would be heard.

An injunction was granted yesterday by Judge

soniatives of the abbuting property owners would be heard.

An injunction was granted yesterday by Judge Andrews, of the Supreme Court, restraining the Harlem Bridge, Morrisania and Fordham Railread Company from using consents signed by residents and property owners on Third avenue, between Harlem Bridge and Fordham, before the State Railroad Commissioners on the application of the company to change its motive power to electricity. It is claimed that the consents were obtained upon the representation that the change sought was from horse to cable power.

N. Y. YACHT RACING MEN MEET.

At the annual meeting of the New York Yacht Racing Association held last night at O'Neil's, Sixth avenue and Twenty-second street, it was decided to hold the next annual regata on Labor Day, September 7, the course to be on New York liay.

The 18:0 Regata Committee reported the award of the third prize in class three to the yacht Just Woke Up. The honor was contested by the owners of the h. C. Miner. This concludes all the prize awarding for the late regata.

The receipts for the year were reported to be \$497.50, and the expenditures \$373.77.

At the election of officers Commodore A. J. Frime, who has been elected president for ten consecutive terms, was again unanimously chosen. He declined, but after being being brought unavenue and Twenty-second street, it was decided to

der great influence consented to consider the acceptance of the office till the next meeting, which will be in about one month.

The other officers chosen are as follows:—Vice President, George E. Gartland; Secretary, George Parkhill; Treasurer, Robert McMurray; Executive Committee—Dr. E. B. Shorwood, Sing Sing club; Charles E. Cameron, Newark club; William A. Swith, Pavonia club; Charles E. Simms, Jr., Columbia club; ex-Ceminodore Henry B. Pearson, of the Jersey City club.
